

INSTRUCTIONS FOR ACCESSING AND USING THE NEW U & T GUIDELINES WEBSITE: GOOGLE CHROME

Getting Started:

To visit the NEW Montana Utilization & Treatment Guidelines website, navigate to www.MTGuidelines.com and select the title of Chapter you wish to review, i.e. Lower Back Pain.

The Chapter for Lower Back Pain expands to display the link to the actual guidelines. Select the link to launch the guidelines. At this point, you have three options to easily search the guideline chapter.

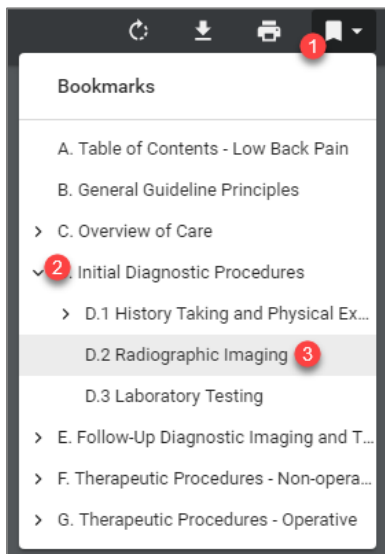

Steps:

Table of Contents

1. Navigate to the Table of Contents within the document.
2. Find the sub-section you wish to review.
3. Select your desired section name or page number. You automatically navigate directly to the page you selected.

Bookmark

1. Select the **Bookmark** tab. A drop-down menu appears.
Note: If the bookmark tab is not showing, using your mouse hover over the document and the toolbar appears with the icon.
2. Select on the **section title** to automatically navigate to that section of the document. Select on the carot next to the section title to expand into its subsections.

Keyword(s) Search

3. Using your keyboard, enter the **Ctrl + F** keys. A search box displays that can search the entire document.
4. Enter your keyword(s) and wait for the word to appear highlighted in the document.
Note: This feature also shows how many times that keyword appears in the document. In this example, there are 8 references for the keyword “radiographic.”
