B. Definition of Building Construction

For the purposes of Prevailing Wage, the Commissioner of Labor and Industry has determined that building construction occupations are defined to be those performed by a person engaged in a recognized trade or craft, or any skilled, semiskilled, or unskilled manual labor related to the construction, alteration, or repair of a public building or facility, and does not include engineering, superintendence, management, office or clerical work.

The Administrative Rules of Montana (ARM) 24.17.501 (2) – 2(a), Public Works Contracts for Construction Services Subject to Prevailing Wage Rates, states: *“Building construction projects generally are the constructions of sheltered enclosures with walk-in access for housing persons, machinery, equipment, or supplies. It includes all construction of such structures, incidental installation of utilities and equipment, both above and below grade level, as well as incidental grading, utilities and paving.”*

Examples of building construction include, but are not limited to, alterations and additions to buildings, apartment buildings (5 stories and above), arenas (closed), auditoriums, automobile parking garages, banks and financial buildings, barracks, churches, city halls, civic centers, commercial buildings, court houses, detention facilities, dormitories, farm buildings, fire stations, hospitals, hotels, industrial buildings, institutional buildings, libraries, mausoleums, motels, museums, nursing and convalescent facilities, office buildings, out-patient clinics, passenger and freight terminal buildings, police stations, post offices, power plants, prefabricated buildings, remodeling buildings, renovating buildings, repairing buildings, restaurants, schools, service stations, shopping centers, stores, subway stations, theaters, warehouses, water and sewage treatment plants (buildings only), etc.”

C. Definition of Public Works Projects

The Montana Code Annotated (18-2-401 (11) (a)) defines *“public works contract”* as *“a contract for construction services let by the state, county, municipality, school district, or political subdivision or for nonconstruction services let by the state, county, municipality, or political subdivision in which the total cost of the contract is in excess of \$25,000...”*

D. Prevailing Wage Schedule

This publication covers only Building Construction occupations and rates. These rates will remain in effect until superseded by a more current publication. Current prevailing wage rates schedules for Heavy Construction, Highway Construction, and Nonconstruction Services occupations can be found on the internet at www.mtwagehourbopa.com or by contacting the Labor Standards Bureau at (406) 444-5600 or TDD (406) 444-5549.

E. Rates to use for Projects

Rates to be used on a public works projects are those that are in effect at the time the project and bid specifications are advertised.

F. Fringe Benefits

Section 18-2-412 of the Montana Code Annotated states:

“(1) To fulfill the obligation...a contractor or subcontractor may:

(a) pay the amount of fringe benefits and the basic hourly rate of pay that is part of the standard prevailing rate of wages directly to the worker or employee in cash;

(b) make an irrevocable contribution to a trustee or a third person pursuant to a fringe benefit fund, plan, or program that meets the requirements of the Employee Retirement Income Security Act of 1974 or that is a bona fide program approved by the U. S. department of labor; or

(c) make payments using any combination of methods set forth in subsections (1)(a) and (1)(b) so that the aggregate of payments and contributions is not less than the standard prevailing rate of wages, including fringe benefits and travel allowances, applicable to the district for the particular type of work being performed.

(2) The fringe benefit fund, plan, or program described in subsection (1)(b) must provide benefits to workers or employees for health care, pensions on retirement or death, life insurance, disability and sickness insurance, or bona fide programs that meet the requirements of the Employee Retirement Income Security Act of 1974 or that are approved by the U. S. department of labor.”

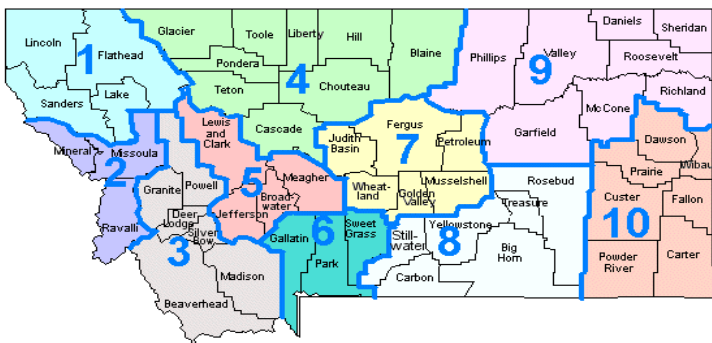

Fringe benefits are paid for all hours worked (straight time and overtime hours). However, fringe benefits are not to be considered a part of the hourly rate of pay for calculating overtime, unless there is a collectively bargained agreement in effect that specifies otherwise.

G. Per Diem

Per Diem typically covers the costs associated with board and lodging expenses and are paid when an employee is required to work at a location outside the daily commuting distance and is required to stay overnight or longer.

H. Prevailing Wage Districts

Montana counties are aggregated into 10 districts for the purpose of prevailing wage. The prevailing wage districts are composed of the following counties:

I. Computing Travel Benefits

Travel pay, for the purposes of public works projects, shall be determined by measuring the road miles (one way) over the shortest practical maintained route from the county courthouse of the designated city for each district or the employee's home, whichever is closer, to the center of the job. Each city shall be considered the point of origin only for jobs within the counties identified in that district (as shown below):

District 1 - Kalispell: includes Flathead, Lake, Lincoln, and Sanders Counties

District 2 - Missoula: includes Mineral, Missoula, and Ravalli Counties

District 3 - Butte: includes Beaverhead, Deer Lodge, Granite, Madison, Powell, and Silver Bow Counties

District 4 - Great Falls: includes Blaine, Cascade, Chouteau, Glacier, Hill, Liberty, Pondera, Teton, and Toole Counties

District 5 - Helena: includes Broadwater, Jefferson, Lewis and Clark, and Meagher Counties

K. Posting Notice of Prevailing Wages

Section 18-2-406, Montana Code Annotated, provides that contractors, subcontractors, and employers who are *“performing work or providing construction services under public works contracts, as provided in this part, shall post in a prominent and accessible site on the project or staging area, not later than the first day of work, and continuing for the entire duration of the project, a legible statement of all wages and fringe benefits to be paid to the employees.”*

L. Employment Preference

Sections 18-2-403 and 18-2-409, Montana Code Annotated, require contractors to give preference to the employment of bona fide Montana residents in the performance of work on public works contracts.
