Subject: Adoption of the Average Rate for the U.S. 10-Year Treasury Bills

Section 39-71-741, MCA (as amended effective 7-1-87) provides that the Department of Labor and Industry shall adopt the interest rate to be used for discounts and amortization calculations. The average rate for the U.S. 10-year treasury bills for the previous calendar year (2021) is 1.45%. The Department adopts the **rate of 1.45%** to be used as the interest rate for these calculations on claims with dates of injury occurring post 7-1-87.
