## Drug Formulary & Legacy Claims - Update

Effective April 14, 2021, the Department’s Legacy Claim Guidance issued March 30, 2020 due to the COVID-19 crisis is no longer in effect.

*History* - On March 30, 2020 the Department issued a guidance requesting all TPAs and insurers delay adherence to the Drug Formulary requirements for Legacy Claims ([ARM 24.29.1607](#)) due to COVID-19 crisis and concerns of healthcare capacity.

We are appreciative of the flexibility of our stakeholders always and especially over the past year. If you have additional questions, please call Celeste Ackerman, our Administrative Officer for Medical Regulations at (406) 444-6543.
